AXIS
looselay luxury vinyl tiles

AXIS Concrete Light Grey

AXIS

The AXIS range is inspired by the earthy elements of wood and stone, so it blends beautifully into any environment.

With a wear layer of 0.7mm it can be installed in the most demanding environments. Being looselay, means it offers an excellent solution for fast track, easy installations in busy areas. Sub-floor preparation time is often reduced and it can be easily paired with carpet tiles, to create a seamless transition. Ideal for zoning off different areas in a practical and aesthetically pleasing way.
