Freedom Storm - Iron Ore

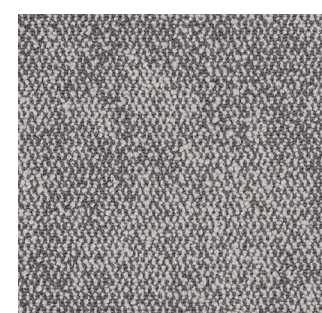

FREEDOM STORM

Part of the FREEDOM COLLECTION, STORM is one of our most popular choices.

This design is inspired by cloudy skies and the random swirling patterns a storm can create. The subtlety of this pattern gives the floor an air of luxury, yet Storm still has a rawness that transcends the natural environment, reflecting in many ways the simplicity of concrete flooring and making it perfect for your modern interior design schemes.

As it is part of the Freedom Collection, it shares its colour palette with 4 more on-trend designs, which means you have the freedom to play with designs throughout a building. yet keep the same beautiful tones.

FREEDOM TO CREATE

The Freedom Collection is designed with versatility in mind. Also available in PLANKS, the possibilities to create a unique floor for every project are endless. Whether you combine Freedom Storm with Freedom Rainfall, Compound, Pavement or Bark - using the same colour bank to smoothly transition your floor space, or be more adventurous and introduce Duraflor's Hexxtile range, we know your floor will be a statement piece.

QUALITY ASSURED

Uses Heavyweave™ techonology – excellent wear qualities for demanding environments. With 35% more yarn per m² than many comparable products, and 30% greater tuft density.

Made with 100% Antron Polyamide 6.6 yarn, which provides excellent performance and includes DuraTech® soil resistant and soil release treatment, to make cleaning easier and enhance longterm appearance retention.
