

## CASE STUDY

### PRODUCT NAME

For this investment company in the City, the brief was to provide inspiring breakout areas which focussed on collaboration. Kinetic Workplace took on the challenge and created some inspiring spaces for their client.

The challenge of finding the best floor covering for their design however was a simple one, and they installed MOMENTA ARGENTO vinyl planks which has a beautiful grey tone and natural grain finish. This coordinated perfectly with the furniture and finishes, giving the room a light and airy feel. MOMENTA ARGENTO is easy to install, easy to maintain and is guaranteed to look good for years to come, even in areas of heavy traffic.

The overall design is a great example of creating a multi-functional, agile workspace and Duraflor were delighted to be a part of this ambitious project.
