

CASE STUDY

MOMENTA MILL GREY, ASPECT ROCKFACE AND ASPECT ABSEIL

eXPD8 recognised the importance of providing a happy and healthy working environment, so they asked Interaction to incorporate this into their new office design. Interaction opted for a 'raw' design with exposed ceilings and electrical works, which complimented the building and created an industrial and transparent look, yet with fun elements throughout. Their choice of luxury vinyl tiles, to blend perfectly with their design and to work well in a busy office environment, was MOMENTA MILL GREY.

Interaction were also looking for a carpet tile with a design, which would incorporate their client's corporate orange colour and give the office spaces a lift, while not detracting from the overall theme. Duraflor's ASPECT ROCKFACE combined with ASPECT LINEAR ABSEIL (a co-ordinating linear design), really enhanced the open plan office space, delivering on both the aesthetic and practical needs of a demanding office environment
