

CASE STUDY

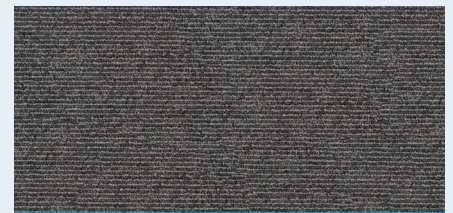

PROGRESSION LEAD PIPE AND BLACK ICE

Progression Black Ice and Lead Pipe

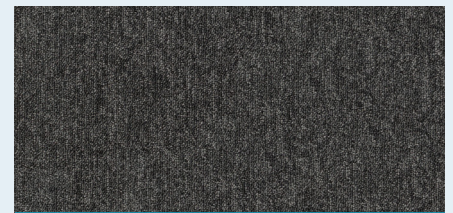

The client, an international accredited registrar and classification company, chose Duraflor's Progression range for their London offices. This range was ideally suited to the requirements of a busy office; the tiles provide a combination of excellent performance and life cycle cost.

Duraflor supplied two coordinating colours: Black Ice, which was selected for the circulation spaces, and Lead Pipe, which was used throughout the office areas and meeting rooms. With a unique soil hiding design and high wear quality, these Progression tiles delivered a long-lasting solution to this client.
