

CASE STUDY

PROGRESSION BLACK ICE AND BRIGHT IDEAS

When Trams relocated to new office space in London Bridge, Zentura asked Duraflor to help them create a modern and welcoming office space. Duraflor offered the perfect solution with the PROGRESSION BLACK ICE carpet tiles, combined with a fast turnaround to meet the company's tight time schedule. In addition, Duraflor were able to provide colours that enhanced the look of the new office furniture.

PROGRESSION BLACK ICE carpet tiles provided the perfect canvas for the splash of colour introduced by the BRIGHT IDEAS carpet tiles. These were used to give the office a welcoming and innovative feel. Our client was particularly pleased with how well BRIGHT IDEAS worked with the features that Zentura included in their design, such as a bespoke "railway carriage" type meeting room and fake grass on the roof terrace. The additional benefit of using Duraflor was our fast product turnaround and our ability to provide solutions that deliver on quality and price.
