

CASE STUDY

PROGRESSION STEEL SHOT, AXIS RUSTICO WASHED AND STRATEGY

PSA Finance, one of the UK's leading car finance providers enlisted the help and expertise of design and build company Area to create a new working environment in Redhill, Surrey. Having previously operated in a very traditional, cellular style office, PSA worked closely with Area to create a flexible workspace that would facilitate collaboration and activity based working.

The specification included two of Duraflor's most popular ranges, AXIS and PROGRESSION, which are ideally suited to workplace environments as they are very wear resistant and provide a quality finish. The colours Steel Shot and Rustico Washed were effectively combined to create a multi-floored space ideal for facilitating activity based working. The design also included multi-functional training rooms with bi fold walls allowing for further flexibility. These spaces were fitted with Duraflor's STRATEGY Tundra Grey carpet tiles.
