## TUNDRA

Tundra's blended tones evoke images of a landscape formed by icy grey rivers and rolling treeless hillsides. It is subtle yet distinctive, and brings an air of luxury to any floor.

Part of a larger collection inspired by the Earth's natural terrain, Tundra shares the same rich interwoven shades of greys and beiges as the landscape it reflects.

## THE NATURAL TERRAIN COLLECTION

Choose your colour bank and see how easily a Tundra transitions into a dramatic Escarpment or endless Plateau as you move between areas, keeping the same colour and luxurious feel.

The sheer elevations create a dramatic criss-cross pattern of light and shade.

It is these characteristics that give Escarpment a striking, luxury feel and ensure this range is a real statement on any floor.

The muted patterns of this range reflect the subtle yet immense character associated with a vast plateau that stretches into the distance.

Create a very distinct look with each range.
