

## CASE STUDY

### NATURAL TERRAIN, MOMENTA, AND PROGRESSION

In what is our first ever project to feature Natural Terrain Collection carpet tiles, we are especially proud of the outstanding result achieved!

The brief from this private school in leafy Surrey was clear: “to create a timeless and sophisticated design” in their new and updated learning facility. These state-of-the-art facilities include a number of dedicated ‘studios’ each designated to particular activities, allowing for an activity based working culture. This, combined with a self-directed learning environment in a workplace-inspired theme, allows students to develop at their own pace. Our client had to design a range of different environments and zones, and Duraflor was able to meet each requirement with a product ideally suited to purpose.

NATURAL TERRAIN PLATEAU carpet tiles in colour GREY VISTA provided a stunning blend of pattern and colour in a striking seamless appearance, which mirrors one of nature’s most beautiful landscapes. PROGRESSION carpet tiles in colour BLACK ICE and MOMENTA luxury vinyl tiles in colour RUSTICANA were the perfect addition to complement the project.
